SafePace® 100 Radar Feedback Sign

Control traffic speed in your facility or community

- Radar feedback signs alert motorists of their current speed and help slow down traffic speed.
- Lightweight radar feedback sign's portable and compact design makes deploying fast and easy - perfect for use at multiple locations.
- Radar feedback sign's unique light enhancing, anti-glare lens system and automatic adjusting ambient light provide maximum visibility in low light conditions.

Core Performance Features

Precision Programming

Integrated with **SafePace Pro Software**, allowing site managers to configure speed thresholds, daily schedules, and custom operational behaviors 24/7 via local connection.

Dual Operational Modes

Toggle between **Active Feedback Mode** for immediate driver correction or **Stealth Data Mode** to baseline traffic patterns without a visible display alert.

Visual Violator Alerts

Engineered for high-stress environments; includes high-intensity flashing strobes and digit animation to break driver distraction when speed limits are breached.

Durability & Environmental Rating

Reinforced Chassis

Utilizes a **12-gauge heavy-duty aluminum body** protected by a **0.25" polycarbonate bashplate**, ensuring resistance to both weather impacts and physical tampering.

Extreme Thermal Window

NEMA 4X-12 and IP65 compliant. This sign maintains 100% operational integrity across a thermal spectrum of **-40°F to 185°F**.

Photometric Adjustment

The **11-inch amber LED array** (196 total LEDs) features a proprietary ambient light sensor for automatic brightness modulation, maximizing visibility in direct solar conditions.

Technical Specification Matrix

Component Category	Technical Specification
Radar Technology	SS300 Doppler; 300-foot detection perimeter
Power Architecture	AC Main, 12V DC Battery, or 20W High-Efficiency Solar Panel
Display Standards	11" Amber Digits; High-contrast 196 LED Matrix
Environmental Grade	IP65 Certified; 12-gauge industrial aluminum enclosure
Form Factor	29" H x 23" W x 3.5" D; Approx. 25 lbs (fully equipped)

Data provided according to standard SafePace 100 manufacturing tolerances and safety certifications.
